

# Insulated Crimping and Cutting Tool

1005-INS

- Crimper crimps insulated and non-insulated 10-22 AWG solderless terminals and connectors
- Cutting and Crimping Tool has two layers of insulation provide protection against electric shock
- Individually tested to exceed the ASTM F1505-16(2021) and IEC 60900:2018 standards, for insulated tools, and clearly marked with the official 1000-volt rating symbol
- Flame retardant, impact-resistant, bright orange outer coating
- Made in USA
- Wire cutter in nose that is tapered for working in confined spaces, and induction hardened cutting knives for long life
- Hot-riveted joint for smooth action and no handle wobble
- Forged steel for maximum durability
- Integral guards help prevent hand contact with conductive parts
- Thick, exceptionally tough, high-dielectric white inner coating is bonded to the tool
