

High-Leverage Ironworker's Pliers

D213-9ST

- Ironworker's Pliers twist and cut soft annealed rebar tie wire
- High-leverage design; rivet is closer to the cutting edge for 46-Percent greater cutting and gripping power than other plier designs
- Hook bend handle
- Spring-loaded action for self-opening
- Made in USA with Custom, US-made tool steel
- Induction hardened cutting knives for long life
- Hot-riveted joint ensures smooth action and no handle wobble
- Heavy-duty knurled jaws
- Unique handle tempering helps absorb the "snap" when cutting wire
- Precision-hardened plier head for on-the-job toughness
- Plastic-dipped handles for comfort and ease of identification
- "Handform" handles for full gripping and cutting power
